to help you make your ideas a reality.*

*A*bout *Lockport Canalside*

Canalside is a unique versatile facility that easily accommodates a variety of activities—Casual Parties, Formal Weddings, Meetings, Reunions, Memorials, Company Picnics, or any time you want a unique memorable event.

The bright, open, spacious feeling of the Canalside creates an atmosphere that encourages participants to relax and enjoy the time spent along the Erie Canal.

Picture your guests strolling the “cobblestone” street through a 200-foot steel Canalside building renovated to resemble a 1900s “Canal Town,” dancing with a background of the 1800s original canal stone wall; viewing interesting Canal exhibits located throughout the building; and enjoying the spaciousness and ambiance of “Life in the Past Lane.”

The casual yet elegant “**Veranda**” banquet room has more than 100 windows directly overlooking the Canal. The white linen tablecloths and napkins, along with the neutral colors and elegant centerpieces, coordinate with any theme.

Our “wooden plank” floored “**Meeting Room**” is fully enclosed for privacy. The giant skylight and the windows that overlook the cobblestone walkway and Canal give this room a light and airy feeling.

The “**Pub**” with its antique mahogany bar, brass rails, and mirrored backbar is well stocked to provide your favorite beverages.

Alongside one of the original 1800 stone walls, the lantern-style street lights, and under the skylight is the “**Cafe.**” Guests seated in this area have the feeling of being in a sidewalk cafe.

Prefer to actually be outdoors along the Canal ? The private **Canalside Grove** has seating for more than 300 people and a 100-foot enclosed shelter with a 15-foot fully stocked bar. White linen and china create a fine dining atmosphere in this unique, relaxing Veranda dining area.

The **Canalside Gift Shop** has become known as the place to purchase unique Lockport & Canal-related items year round.

You also will enjoy learning more about how and why the Canal was built by visiting our **Erie Canal Heritage Center** located in our 4-story 1840s stone warehouse adjacent to the main building. The displays include photos and artifacts, as well as many hands-on exhibits including a working model of the locks.

No matter which area you choose for your event, you will be pleased with the great food. Our full-time in-house professional chefs use the highest quality fresh ingredients to provide a meal that is prepared just for your group.

You will enjoy working with our experienced staff in planning and executing a very unique, successful, and memorable event.

LOCKPORT CANALSIDE is home port
for
LOCKPORT LOCKS &
ERIE CANAL CRUISES

which began providing narrated cruises on the Canal and through the Locks in 1987. Since that time more than 1/4 million guests have enjoyed this historic engineering marvel.

Relax and enjoy a scenic 2-hour narrated cruise on the historic Erie Canal. Your cruise includes “locking through” the only set of double locks on the Canal and being raised and lowered the 50 feet of the Niagara Escarpment.

You will travel under lift bridges that raise straight up, under one of the widest bridges in the United States, through the “rock cut,” and past historic homes and sites.

The lively and entertaining narration is provided by your U.S. Coast Guard licensed captain. Both the regularly scheduled public cruises and private charter cruises are aboard U.S. Coast Guard inspected vessels manned by trained, experienced crew.

Lockview IV, a 55-passenger motor vessel built to resemble the *African Queen*, provided tours in Hilton Head and Mystic Seaport (also appeared in the movie “Mystic Pizza”) before her service in Lockport.

Lockview V, a 150-passenger double-deck motor vessel built for the Great Lakes, previously provided tours in Florida and Booth Bay Harbor, Maine.

*Create a memorable event!!
Bring your group — have a party.
Enjoy a casual yet elegant meal
and a relaxing cruise.*

Special prices for cruise & dine packages.
